

Attention: Teachers of NSW Stage 6 Mathematics General

PD4MaTHS presents ...

Year 11 Mathematics General 1 and 2: Programming and Resourcing The Common Preliminary Course

Presented by Stuart Palmer

Are you teaching the new Year 11 Mathematics General?
Are you looking for useful resources or a comprehensive teaching program?
This 1-day workshop will give teachers a detailed insight into the new Year 11 Mathematics General Course. Participants will receive an adaptable ready-made electronic teaching program that is linked to numerous ready-to-use electronic teaching resources.
The presenter has programmed and taught the current General Mathematics course numerous times to cater for students of all abilities.
He will share a wealth of ideas, advice and resources. Some use of computer technology will be included, so please bring your lap-top.

Wednesday March 4, 2015

Burwood RSL Club, 96 Shaftesbury Road, Burwood NSW

(8:45 am for 9am to 3:30 pm)

Registration Fee: \$220 (plus GST) per person

Before you register, click on the following link to check the number of places available each day:
<http://tinyurl.com/lj4ydku>

Please register soon to avoid disappointment.
PD4MaTHS will accept tentative bookings while you await approval from your school.

To register your attendance, email pd4maths@gmail.com indicating:

- the name of your school
- the names of the people you wish to register
- the email addresses of the people you wish to register
- whether the booking is tentative or definite

You will be sent an email confirming your place, directions to the venue and additional information.
You will also receive an invoice by email.

Cost-free parking is available at the club. The venue is very close to Burwood Railway Station.
Morning tea will be provided. Lunch is available for purchase in the club or nearby shops.

For more information, please email stuartpd4maths@gmail.com or call **0407 838828**

If you would like to be removed from our distribution list, please send an email containing the name of your school and your fax number.

ABN: 37129330132

Course overview:

- The content and layout of the NSW BoS syllabus document for the common Preliminary Mathematics General 1 and 2 course.
- Participants will receive a ready-to-use and adaptable teaching program and register, in the form of a Microsoft Word document for each topic.
- The program contains numerous links to teaching resources. There will be some time devoted to learning how these can be used in the classroom.
- Participants will learn how to modify the tables in the Word documents in order to personalise the teaching program and register for their school.
- Participants will receive two different scope and sequence documents
- The program includes ‘Tackling The Terminology’ activities that will support the high literacy demands of Mathematics General 1 and 2.
- We will also unpack the Focus Studies. There will be time to get the creative juices flowing in order to create resources for this new section of Mathematics General, with some examples provided to get you started.
- Assessing and reporting Mathematics General 1 and 2, including methods and examples of how to assess ‘Reasoning and Communication’.
- Participants will be invited to join an online forum in which teachers of Mathematics General from all over NSW are sharing resources
