

**One or two days of PD in QUEANBEYAN for users of ipads in mathematics lessons!**

**Attention: Mathematics Teachers Years 7 to 12**

**PD4MaTHS** presents ...

# **ithink therefore ipad: how to use ipads in mathematics lessons**

**Presented by: Tracey Hughes-Butters**

Do you have an ipad? Do your students have them? Do you want to learn how to use them effectively, productively and effortlessly during your mathematics lessons?

Come along for a day or two and bring your ipad and some apps. Tracey will give you the benefit of her experience with this wonderful teaching and learning tool. You will leave this course empowered to use your ipad in a multitude of ways.

Tracey has been teaching mathematics at all levels in a variety of schools since 1982 and enjoys sharing her experiences, resources and ideas to support quality teaching and learning. Her students have been using ipads at school for 3 years.

**Day 1 (absolute beginners): Thursday September 17** (8:45 for 9am to 3:30pm)

**Day 2 (beyond the basics): Friday September 18** (8:45 for 9am to 3:30pm)

**Best Western Central Motel**

**11 Antill Street Queanbeyan**

Parking is available on-site.

Morning tea will be provided. Lunch is available for purchase in nearby shops.

**Registration Fee:** \$250 per person per day, plus GST.

If you would like to be removed from our distribution list, please send an email containing the name of your school and your fax number.

ABN: 37129330132

## One or two days of PD in QUEANBEYAN for users of ipads in mathematics lessons!

### Course Requirements:

In order to achieve maximum benefit from this course, participants will need to bring an **ipad 2** or later.

The venue has cost-free wifi, but we cannot guarantee that it will work for you on the day. If your ipad is not 3G or 4G you will need some type of connectivity device such as using a mobile phone as a temporary hotspot and tethering your iPad to your mobile (make sure you have tethering in your phone plan). Please ensure you can access the internet in this manner before the day.

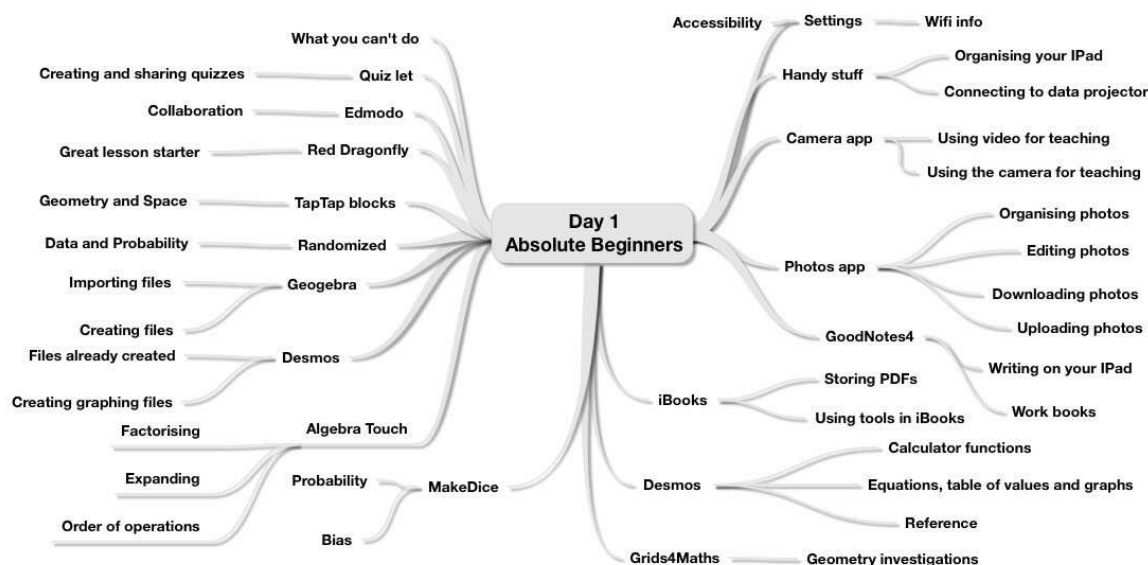

Internet access will not be necessary for the entire day.

You need to have an email address you can use on the day. A stylus would be useful but not essential.

### Participants will be required to download some apps prior to the course.

The list of apps will be emailed to participants with the confirmation of enrolment.

### Day 1 Course Content:

### Day 2 Course Content:

(Please note that Day 1 content is assumed knowledge for Day 2)
